

Statewide Service Project

This year, our Statewide Service Project will be making and distributing blessing bags in our local communities.

What are blessing bags?

Blessing bags contain essential items such as food, toiletries, and personal items. They are typically given to those experiencing homelessness.

What can be included in blessing bags?

The following lists contain ideas of what can be included in a blessing bag, feel free to add items that are not on this list to your bags as well!

- Toiletries: toothbrush, toothpaste, mouthwash, shampoo, soap, conditioner, deodorant, hand sanitizer, chapstick, sunscreen, disposable razors, menstrual products, wet wipes, combs, lotion, tissues
- Non-Perishable Food Items: granola bars, bottled water, bottled juice, crackers, mints, hard candies
- Personal Items: socks, hats, gloves, blankets

This year our goal is to distribute 250 blessing bags throughout our local communities. We will be collecting items at many of our state events. We also encourage assemblies to make and distribute their own blessing bags as well.
